**“My philosophy is:
It’s none of my
business what
people say of me
and think of me.
I am what I am and
I do what I do.
I expect nothing and
accept everything.
And it makes life so
much easier.”**

**Whether your life is happy
or not is your own choice.**

**Many people think
I can't live a normal life because**

I don't have arms or legs.

**I could choose to believe that
and give up trying.**

**I could stay at home and
wait for others to take care of me.**

Instead, I choose to believe that

**I can do anything,
and I always try to do things
my own way.**

I choose to be happy.

**I am happy because
I am always thankful.**

Ganesan was India's Antarctic research station, **Dakshingangotri** commander during 1987-89.

His performance as 5 th wintering Leader was outstanding .But he did not spare any failure by Govt Departmental heads.

His blunt and straight approach was not appreciated.

Because of this his service at Antarctica was not recognised for 4 years.

The retired Engineer in Chief opened their eyes.

1. I would like to bring to your notice a case of grave injustice being done to an officer who was recommended for an award, but not approved by the erstwhile Screening Committee.

2. As you are the Chairman of the current Screening Committee for Awards, I thought it is my moral duty to bring to your notice the case of IC-21773 Col P Ganeshan of Corps of Engineers. Col Ganeshan was selected by me, when I was the E-in-C, to be the leader of the Antarctica Expedition both for summer and winter parties. This officer stayed on for the full winter carrying out various tasks assigned to him by the Department of Ocean Development under adverse and isolated conditions. Apart from this, I had given him number of combat engineer tasks which he performed extremely well. He is also the first person, most probably in the world, who did para sailing in the Antarctica.

3. Since I had retired as E-in-C, I had taken the opportunity of having him recommended for an award by my successor Lt Gen YP Khurana, PVSM. Unfortunately due to procedural problems, his case was not considered as Army HQ wanted the recommendation to be processed by the Min of Science & Technology. This year also his case has been recommended by the present E-in-C, Lt Gen VN Kapur, PVSM, but I am not sure whether it will be considered because of being time barred. I would like to mention that the officers of Navy & Air Force, who have only served in the summer team and stayed there for three months, have all received awards, whereas Col Ganeshan having spent over 18 months has yet to get an award.

4. Since this will be his last chance, as he is retiring by the middle of next year, I would strongly recommend that the officer be given his due recognition by conferring an award on him otherwise it will be a grave travesty of justice being done. In case the officer has not been recommended, I would request that I may be given an opportunity to explain the case to you in person, as time is very short before the list is finalized.

At Aruvipuram where Narayanan
got Enlightenment.

Ganesan had a rational mind, love for poetry, and patriotic.

This led him to the spiritual world both in Tamil and English. He studied Thiruvaachakam, Thiru Arutpa, Sivagnanabotham and Athma upadesa sathakam at a very young age. He visited the jeeva samadhi of great saints and scholars.

Here Ganesan and his wife are at Sivagiri, Naraayanaguru samadhi

Life is the sum total of experience gained by an individual from birth to death.

Accordingly man comes in contact with the world of object and ekes out himself for pleasure or pain ,joy or sorrow and failure or success.

His reactions are dependent upon the quality and texture of his mind and intellect equipment.

There is an infinite variety in the texture and composition of equipment varying from individual to individual.

Thus the world provides different and distinct visions according to the equipment of the individual who projects them.

Confidence and
hard-work is the
best medicine to
kill the disease
called failure.

It will make u a
successful person.

****Destroying any nation does not require the use of atomic bombs or the use of long range missiles. _It only requires lowering the quality of education and allowing cheating in the examinations by the students._** Patients die at the hands of such doctors. Buildings collapse at the hands of such engineers. Money is lost at the hands of such economists & accountants. Humanity dies at the hands of such religious scholars. Justice is lost at the hands of such judges... **The collapse of education is the collapse of the nation.****

A teacher can never truly teach unless he is still learning himself. A lamp can never light another lamp unless it continues to burn its own flame. The teacher who has come to the end of his subject, who has no living traffic with his knowledge but merely repeats his lesson to his students, can only load their minds, he cannot quicken them.

AZ QUOTES

**WHERE
THE MIND
IS
WITHOUT
FEAR...**

*And the head is held high
Where knowledge is free
Where the world has not
broken up into fragments by
narrow domestic walls
Where words come out from
the depth of truth & tireless
striving stretches towards
perfection, the clear stream
of reason hasn't lost its way
into dreary sand of dead habit
Where the mind is led forward
by thee into ever widening
thought and action into that
heaven of freedom,
My father let my country awake.*

- Rabindranath Tagore

**Buddha was asked,
“What have you gained from
meditation?”**

**He replied, “Nothing! However,
Buddha said, let me tell you
what I lost: Anger, Anxiety,
Depression, Insecurity, Fear of
Old age and Death.”**

A historical battle scene showing soldiers and cannons on a battlefield. In the background, a large plume of white smoke rises from a cannon. The ground is sandy and uneven, with various pieces of equipment and supplies scattered around. Soldiers are seen in various positions, some standing and others moving. The overall atmosphere is one of active combat.

If you know the enemy and know yourself you need not fear the result of a hundred battles.

If you know yourself, but not the enemy for every battle gained, you will also suffer a defeat.

If you know neither the enemy nor yourself you will succumb in every battle.
