The foreground features a large, dark tree on the left side, partially obscuring the view of the lake. The overall atmosphere is peaceful and serene.

# Farewell Not Goodbye

“FAREWELL NOT GOOD BYE” a unique farewell function designed and implemented by Col Ganesan. When a soldier after giving prime of his life and energy to this nation, retires after about 25-30 years service, his retirement is only a farewell. A worthy unit will certainly associates with him for the rest of his life and extends a helping hand at times of need. Hence the retirement will only be a “fare well” and definitely NOT “good bye”.
